Gear Oil

HOLSTEIN* GL-5 is a synthetic excellent performance gear lubricant, designed to provide excellent lubrication under severe conditions like high-speed/shock load, high-speed/low torque, and/or low-speed, high torque in a wide range of manual automotive transmissions, axles and final drives. HOLSTEIN GL-5 is recommended for on-road passenger cars, light- and heavy-duty trucks, buses and vans, and off-highway equipment in construction, mining and agriculture.

Advantages

- Formulated from synthetic base stocks and balanced extreme pressure (EP) additives
- Outstanding anti-wear property
- Longer gear and bearings lifetime, due to excellent oxidation stability
- Effective rust and corrosion protection
- Good anti-foam property, ensuring film strength for effective lubrication
- Excellent seal compatibility lead to minimize leakage
